

Luna Lodge Bird Checklist

This is a list of the bird species found on the Luna Lodge property, some areas of Corcovado National Park and also around the Pejeperrito lagoon. The birds are listed below with a numerical code for each month of the year as follows:

- 1 - Very common and/or easily seen (should be seen daily, often numerous)
- 2 - Common (should be seen most days)
- 3 - Fairly common (not as regular and/or as easy to see as 1 & 2)
- 4 - Uncommon and/or difficult to see because of skulking (hiding) habits
- 5 - Rare and/or difficult to see
- 6 - Extremely rare (only a few records, or very scarce)

If you find a bird that is not on this list, feel free to let us know.
